Modified Service for the California Zephyr

Beginning July 10 through August 8 on Sunday through Wednesday of each week, the California Zephyr Trains 5 and 6 will operate on an alternative route between Denver and Salt Lake City due to track work being performed by Union Pacific Railroad. On the alternative route, the California Zephyr will detour through southern Wyoming, affecting service between Denver and Salt Lake City. During this period, the train will not travel into the Rocky Mountains or follow the Colorado River. The detour will follow the historic transcontinental railroad route through Wyoming and Utah and provide views of wide-open vistas, wildlife and plateaus.
