## AMTRAK PREPARED FOR THANKSGIVING HOLIDAY TRAVEL Extra trains and more seats in Northeast, Midwest and West Coast

WASHINGTON – In anticipation of the busiest travel week of the year, America’s Railroad® is prepared to accommodate the surge of holiday travelers with extra trains and additional capacity on several routes in the Northeast, the Midwest, and the West Coast. Amtrak will also operate every available passenger rail car in its fleet. Tickets sell out quickly so passengers are encouraged to plan ahead and [book tickets](#) early for best availability and pricing.

In the [Northeast](#), in addition to numerous extra trains and additional capacity, Amtrak will lease equipment from our commuter partners to operate “Holiday Extra” trains between New York and Washington on Sunday, Nov. 29. Additionally, the regularly unreserved New York-Philadelphia-Harrisburg [Keystone Service](#) will require reservations Tuesday, Nov. 24 through Monday, Nov. 30.

In the Midwest, Amtrak is adding extra trains to several of the Chicago hub corridors to downstate Illinois and to [Michigan](#).

In the West, Amtrak is adding capacity to several services including Auburn-San Jose [Capitol Corridor](#), Oakland/Sacramento – Bakersfield-Southern California [San Joaquin](#), as well as additional seating on Los Angeles-San Diego [Pacific Surfliner](#) service with one additional round trip operating between Los Angeles-San Diego during the busiest travel days. In the Pacific Northwest, Amtrak is adding one additional round trip between Seattle and Portland on [Amtrak Cascades](#) service. During the holiday, [Pacific Surfliner](#) service will require reservations.

Last year, Amtrak carried a record 772,211 passengers during the Thanksgiving travel period, the most ever for the holiday. Similar passenger counts are anticipated this year.

Amtrak is working hard to provide a hassle-free travel experience while connecting passengers with friends and family. These additional tips will help to ensure a smooth trip:

- **Purchasing Tickets:** [eTicketing](#) is enabled on every train route throughout the nation. Travelers may purchase tickets early using [Amtrak.com](#), Quik-Trak or ticket windows at staffed stations (where available), on [Amtrak mobile app](#), or by calling 800-USA-RAIL.
- **2+2 = Free:** Amtrak has the friendliest [baggage policy](#) in the travel industry. Passengers can bring two bags and two carry-ons, collectively weighing up to 150 pounds, for free. Excess baggage will cost \$20.
- **Avoid the Rush:** The busiest travel days are the Tuesday and Wednesday before Thanksgiving and the Sunday after the holiday. Other than Thanksgiving Day, morning trains typically have more available seats than those in the afternoon or evening.
- **Arrive Early:** Allow plenty of time at stations prior to departure – at least 45 minutes beforehand if picking up tickets. Arrange for pre-boarding if you need extra time or assistance and use Amtrak [Red Cap](#) agents to help you with your baggage.
- **Check Train Schedules:** Make sure to check holiday train schedules prior to arriving at the station with a helpful, online-only [timetable](#) provided by Amtrak.
- **Carry Photo ID:** Passengers are required to show valid photo identification when purchasing tickets. Make sure to carry valid photo ID at all times, as it may be requested aboard trains.
- **Be Safe:** Be aware of your surroundings, stand back from the edge of the platform, do not leave your bags unattended, and watch your step when boarding or leaving the train or when walking between cars when the train is in motion.

#### **About Amtrak®**

Amtrak – America’s Railroad® – is dedicated to safe and reliable mobility as the nation’s intercity passenger rail service provider and its high-speed rail operator. With our state and commuter partners, we move people, the economy and the nation forward, carrying more than 30 million Amtrak passengers for each of the past five years. Formally known as the National Railroad Passenger Corporation, Amtrak is governed by a nine member board of directors appointed by the President of the United States and confirmed by the U.S. Senate. Anthony R. Coscia is board chairman and Jeffrey R. Moreland is vice chairman. Amtrak operates more than 300 trains daily – at speeds up to 150 mph (241 kph) – connecting more than 500 destinations in 46 states, the District of Columbia and three Canadian Provinces.
