We've done Europe, Asia, even Africa. THIS YEAR, AMERICA.
DISCOVER MORE OF AMERICA ABOARD AMTRAK

The best way to truly see America is from the broad windows of an Amtrak passenger rail car. Recline in your private accommodation or admire an all-encompassing view from the dome car. You will enjoy scenes of America not accessible by any other means of transportation. Travel in comfort and experience the kind of journey only a train can offer.

Take in American life in busy and remote regions of the USA. See children waving from front porches, moose drinking from pristine mountain streams, surfers along the Pacific Coast, cattle grazing under an open sky, picnics and baseball in the mid-west, black bears near Glacier National Park. Church steeples and flags greet you on the Atlantic shore between Philadelphia and Boston. In the West, California’s Napa Valley and orchards beckon photographers and invite you to stop for a visit.

Amtrak trains take you directly to the center of America’s best loved cities, including Los Angeles, Miami, and New York. Stay in the city or sleep in comfortable onboard accommodations as you cross the nation east to west through Glacier National Park or north to south along the winding Pacific and Atlantic Coasts. When you arrive, enjoy continental or American breakfast on the train. Make friends over a glass of wine and dine on regional specialties like catfish and Mississippi Mud cake.

That is what awaits you as you journey aboard the train following the Mississippi River and “Blues Trail” through musical Memphis, St. Louis and New Orleans. Traveling east, The Deep South’s bayous, bays, white-columned houses and cotton fields give way to Florida’s everglades, sandy beaches, and man made attractions. Modern-day Texas cowboys, purple sunsets, blooming deserts and more are all on display from your vantage point aboard the train. In the hills, plains, woods and lake country of the Midwest, you can almost imagine America’s First Nation’s peoples and buffalo roaming free. Much of the country still remains untouched.

 Authentic America – its cities, its forests, and its people – is waiting for you. Discover it aboard Amtrak.

**REGION TO REGION**

America is vast and her regions are varied. Aboard Amtrak, tour the desert regions and mountains of the Southwest or Great Lakes Country near the Canadian border. Stunning views and memorable experiences are in store for you. Depending on your destination, Amtrak has two kinds of train services. Single-level train service operates on most short-distance routes. This service also operates on some long-distance trains along the East Coast of the USA. Many long-distance trains feature our Superliner Service. Superliner cars are bi-level cars with stairs connecting lower and upper levels. No matter where you go, or how you travel with Amtrak, you are guaranteed to enjoy the journey.

**GETTING THERE SHOULD BE JUST AS EXCITING AS BEING THERE**

Your journey matters as much as the experience that awaits you at your destination. That’s the main reason travelers prefer Amtrak. With 9.6 million square kilometers, the United States of America features many incredible destinations within the destination. Amtrak transports you in comfort from city to city or across the span of the country. It is simply the best way to visit America. Our long-distance trains offer you dining as well as comfortable accommodations. Meals are included in the price of Sleeping Car tickets, so there are no decisions to make about where to dine or find a hotel! Passengers without Sleeping Car tickets, i.e. passengers traveling in “coach class,” may also dine for an additional charge.
