

Construction Notification

March 23, 2025

Amtrak is committed to conducting this work in a manner that is least disruptive to the community. For your safety, we ask that you please keep all children and pets away from the construction area.

During construction, you can expect:

- Workers and construction vehicles in and around the construction site
- Increased noise levels, consistent with typical construction activity
- Intermittent closure of sidewalks and walkways
- Temporary parking restrictions, when needed

Ongoing Activities

Crews continue to conduct surveys, complete preconstruction inspections, install instrumentation and monitoring devices, and complete utility investigations throughout the Program area.

Demolition

Contractors continue to complete demolition activities at 2355 W Franklin Street and 2235 Edmondson Avenue. They have placed steel fence with screening at these locations as a safety measure to keep people safe from construction activity.

Utility Work

Crews continue relocating utilities on N Pulaski, N Brice and W Lanvale Streets. As a part of the water line relocation in the N Payson area, crews will perform meter connection tie-ins which will require planned water outages. Impacted homes will receive advance notification.

Traffic Impacts

We now have road closures in place at:

- W Lanvale Street from N Pulaski Street to N Brice Street
- N Pulaski Street from W Lafayette Avenue to Harlem Avenue

Please drive safely and heed the directions of any flaggers directing you through construction work areas.

PLEASE NOTE:

Crews generally work Monday through Friday from 7:00am to 5:00pm, weather permitting. Construction activities are subject to change and modifications to the schedule may become necessary due to weather delays or other unforeseen conditions. Please use caution when traveling in construction areas.
