Subject: B&P Tunnel - MHT Comments
Date: Tuesday, November 1, 2022 9:46:40 AM

Hi Christeen and Nancy,

Thank you for conducting additional consultation with the Maryland Historical Trust (MHT) and providing our office with additional information for the Baltimore & Potomac (B&P) Tunnel Replacement Program in accordance with the undertaking's Section 106 Programmatic Agreement. MHT is please to provide comments on the following recent B&P Tunnel correspondence:

Resolution of Adverse Effects for the Madison Park Medical Center (MIHP No. B-1379-6):

The Madison Park Medical Center was determined eligible for listing in the National Register of Historic Places in March 2022. This property will be demolished as part of the project and MHT agrees that this action constitutes an adverse effect. The overall undertaking continues to have an adverse effect on historic properties. MHT agrees with the proposed recordation and interpretation mitigation treatment measures.

Project Changes Transmittal #1: MHT acknowledges the changes to the project design and the resulting additional impacts to historic properties. MHT agrees with the proposed mitigation treatment measures.

Draft Construction Protection Plan - Demolition: MHT has no comments on the draft plan.

Thank you for providing us with an opportunity to comment,
Tim
