Host Railroads & On Time Performance

Amtrak relies heavily on the cooperation of other railroads in order to operate routes using tracks that are not owned or controlled by Amtrak. Host railroads are statutorily required to provide Amtrak trains "preference" over freight transportation. However, on time performance on most host railroads is poor and continues to decline largely due to hosts ignoring their statutory responsibilities.

Listed below are the Amtrak services that operate in the Georgia with each service's host railroads and on-time performance (OTP) in FY18:

Service	Host Railroads	FY18 OTP
<i>Auto Train</i>	CSX and Florida Central Rail Corridor	70.9%
<i>Crescent</i>	Norfolk Southern	31.3%
<i>Palmetto</i>	CSX	57.9%
<i>Silver Meteor</i>	CSX, Florida Department of Transportation, and Florida Central Rail Corridor	43.6%
<i>Silver Star</i>	CSX, Norfolk Southern, Florida Department of Transportation, and Florida Central Rail Corridor	37.6%

“On-time performance” represents the percentage of stations at which the train arrives within 15 minutes of the scheduled arrival time.

Amtrak Guest Rewards

At the end of FY18, there were **77,809** members of the Amtrak Guest Rewards program in Georgia. This is a 13% increase from FY17.
